Quality Director
Fair-Rite Products Corp.
1 Commercial Row
Walkill, NY 12589 USA

Dear Mr. Director:

Subject: Quality System Approval -- The Boeing Company

References (a) D6-82479 Appendix B

A quality system audit was completed at your facility on 08/09/2006, The results of the audit indicate that your company's quality system has demonstrated compliance to D6-82479, *Boeing Quality Management System Requirements for Suppliers*. This approval is based, in part, on the requirements of D6-82479 being adequately documented in your quality manual.

This approval does not include or imply any authorization to perform the special processes controlled by Boeing Document D1-4426. Separate qualification and approval is required when Boeing specifies processes controlled by Document D1-4426.

Maintaining this approval is contingent upon continued compliance to referenced D6-82479 requirements. This approval does not constitute a waiver of any inspections, tests, or other requirements of the contract, nor does it guarantee acceptance of the articles produced. This approval may not be reproduced for advertising or sales purposes, nor may this approval be used for the manufacture, sale, or shipment of any article to any company or individual other than Boeing without Boeing's prior written consent.

Questions regarding your quality system should be directed to the undersigned.

Sincerely,

Carol O'Hara
Boeing Procurement Quality Assurance Representative
